Measures.

Total cost: This is sum of the unit cost column

Total revenue: This is the sum of revenue recorded

Total units sold: This is the sum of units sold

Gross profit: This is the difference between the total revenue and total cost

Gross profit margin: This is the ratio between the gross profit and total revenue

Average Delivery days: This is the average of delivery days

Average Rating: This is the average of the customer rating column

Recommendation

- Specialize on Japanese brands with emphasis on Toyota
- Drop BMW brand since it is loss making.
- Run most advertisement campaigns in September focusing on Nairobi, Eastern and Coast regions.
